TECHNOVA GUIDE

Hello Everyone!

On behalf of Tech club, we welcome you all with all our hearts.
Tech club is going to organize National Level Tech Competition, Technova 2023.

What is Technova?

It is an inter-college competition where you have to make a team of two and make project or present a technical paper on a topic, you also can do both.

Registration fees for each participant is Rs 125.

On filling up the form and registering for the event you will get details of the account where the payment is to be made for the same. Take a screenshot of the payment and upload it to the form so that it gets verified by the organizing team. The last date to register is 5th January 2023.

The project idea is upon you.
Submission link for the presentation will be activated from 6th Jan.
Submission of the final work is to be done strictly by 10th Jan 2023(no delay will be accepted).

Students can participate in both the events.

<u>TECHNOVA GUIDE</u>

Max size of team:- 2 participants.

You have to submit the technical paper in the form of pdf and the project must be submitted in a ppt and video demonstration.

After the submission, the top 10 projects as well as the top 10 technical papers will be selected for the presentation round.

The qualifiers will get a chance to present their project/ppt in front of judges. They will get surprise gifts and certificates.

Students other than AEC, can present their project/ paper online.

The top 3 will be selected by our judges and will be awarded cash prizes and appreciation certificates.

Cash prizes for each event:
1st Prize: ₹1500
2nd Prize: ₹1000
3rd Prize: ₹500
